Summary

Versatile full-stack developer with over 5 years+ of experience building robust, scalable web applications using modern JavaScript frameworks. Skilled in both front-end and back-end development with deep expertise in Angular, React, Node.js, and RESTful APIs. Proven leader with a strong record of driving high-quality software delivery, improving user experience, and mentoring teams in Agile environments. Committed to clean code, scalable architecture, and continuous learning.

Technical Skills

- **Front-end:** Angular, React, Redux, Tailwind CSS, RxJS, NgRx, NgXS, Angular Material, Bootstrap
- **Back-end:** Node.js, Express.js, NestJS
- **Databases:** MongoDB, PostgreSQL, MySQL
- **Dev Tools & Platforms:** Git, Docker, RESTful APIs, CI/CD, Agile/Scrum
- **Languages:** JavaScript, TypeScript, Java, Python

Work Experience

SoBiapi

Currently maintaining and enhancing the [Upskilling Academy](#) , a **B2B training platform** built for the **French market** and fully **Qualiopi-certified**. The platform serves **multiple corporate clients** and supports **thousands of users**.

- **Modular, multi-tenant, GDPR-compliant architecture.**
- Features include training management, learner tracking, certification workflows, and analytics dashboards.
- Focused on performance optimization, refactoring, and client-specific feature development.
- Collaborate with stakeholders to continuously align the platform with business needs.

Development Team Lead

Remote — Jul 2022 – Present

- Led and mentored a distributed team of developers, overseeing project planning, delivery, and Agile ceremonies (sprint planning, standups, retrospectives).
- Conducted code reviews, enforced coding standards, and optimized Git workflows for smoother collaboration.
- Designed, developed, and maintained backend services using **Node.js**, **Express.js**, and **MongoDB**.

- Built and integrated scalable REST APIs and implemented unit/integration tests to ensure reliability.
- Collaborated closely with stakeholders and cross-functional teams to deliver production-ready features and adapt to evolving requirements.
- Provided technical consulting, handled client communications, and drove architectural decisions to ensure system robustness and scalability.

Lead Front-End Developer

Remote — Jan 2022 – Jul 2022

- Managed the front-end team, setting development standards and timelines.
- Collaborated closely with designers and backend teams for seamless UI/UX integration.
- Ensured cross-browser compatibility and responsive design implementation using Angular.

Frontend Developer

Remote — Nov 2021 – Jan 2022

- Built user interfaces using Angular, Angular Material, and React.
- Worked on TypeScript-heavy components, forms, and client-side validations.
- Maintained and updated legacy code while gradually migrating to modern architecture.

Inside 360 Algeria

Full-Stack Developer

Algiers, Algeria — Aug 2021 – Nov 2021

- Build full-stack application using modern frameworks (Angular, Node.js).
- Design RESTful APIs and manage robust databases (MongoDB, PostgreSQL).

ITexc Agency

Full-Stack Developer

Algiers, Algeria — Jan 2019 – Mar 2021

- Developed scalable, full-stack web applications from concept to deployment.
- Collaborated with designers and back-end developers to deliver user-centric solutions.
- Led API development and integration efforts across several client projects.

Freelance/Contractor

Full-Stack Developer (Contractor)

Remote • Ongoing

- Develop custom web applications and mobile solutions for diverse client requirements
- Maintain and enhance existing applications with performance optimizations and feature updates

- Debug and resolve technical issues across frontend and backend systems
- Provide technical consulting and code reviews for client projects
- Deliver scalable solutions using modern frameworks and best practices

Education

University of Science and Technology Houari Boumediene

Bachelor's Degree in Computer Science

Higher School of Computer Science (ESI)

Preparatory Classes in Computer Science

Certifications

- Angular Intermediate (HackerRank)
- Angular Certification (TestDome)
- JavaScript Essential Training (LinkedIn)
- Python Certification (Kaggle)
- JavaScript Algorithms and Data Structures (freeCodeCamp)
- Responsive Web Design (freeCodeCamp)
- Cisco Networking and Security Fundamentals (ICT-Towers)

Languages

- **Arabic:** Native
- **English:** Professional Proficiency
- **French:** Professional Proficiency

Featured Projects

- **Greadn:** 1er service de tarif personnalisé pour les Freelances.
- **Workshop Management Platform:** Scalable garage management system with online booking capabilities.
- **COVID-19 Tracing App:** React Native app for contact tracing and case monitoring.
- **Safariatcom:** Travel booking platform offering tourism services and agency management tools.
- **Shortly:** Custom domain-compatible URL shortener with analytics and user dashboard.
- **FullHouseDZ / Babashop:** E-commerce platforms tailored for Algerian small businesses.
- **Brave Spirit E-learning:** Mental health e-learning platform with structured course content and secure access.

Additional Information

- Strong problem-solving skills with a focus on delivering scalable and maintainable solutions.
- Excellent communication and teamwork abilities, with experience in Agile/Scrum environments.
- Passionate about continuous learning and staying updated with the latest technologies.
- Dedicated athlete and sports enthusiast — actively practice bodybuilding as a personal passion and lifestyle.
